We are working on a grant for new technology across the organization. We're trying to get new routers for member Wi-Fi.

Brian and Damien are hosting a Thursday social at the Flatlock Cinema on June 6th!

Hospitality and Admin unit meetings will be held separately as we have more members attending the clubhouse.

We are looking forward to starting up more tasks involving member banking, tracking revenue and deposits, and cost finding. Chat with staff about what your interested in learning and doing around the clubhouse!
